IMMEDIATE RELEASE

DATE: May 14, 2021

RE: **King Avenue Brief/Intermittent Lane Closures**

Expect Possible Traffic Delays on King Avenue for Seven Days beginning May 18th

Lebanon, Ohio – Deerfield Township, Warren County, Ohio – Expect possible traffic delays due to brief/intermittent lane closures on King Avenue between the Little Miami River bridge and Miami Street in Kings Mills beginning Tuesday, May 18, 2021 through Monday, May 24, 2021, between the hours of 9:00 am and 3:00 pm, weather permitting. The intermittent lane closures are necessary for work being performed along the north side of King Avenue. The actual work will take place outside the road limits; however, brief/intermittent lane closures will be necessary in order to mobilize and transport equipment and material to and from the work area. One lane of traffic will be maintained at all times with flaggers.

Thank you to the traveling public for your patience.

For more information, visit [http://www.wceo.us/](http://www.wceo.us) or contact WCEO at (513) 695-3301.

The Warren County Engineer's Office encourages drivers to stay alert and take your time when out on the road. We consider it a privilege to serve Warren County, to maintain a safe county road system and to help you get around our beautiful county.

About the Warren County Engineer

County Engineers in Ohio are required by law to be registered as both Professional Engineers (P.E.) and Professional Surveyors (P.S.) They are responsible for the maintenance and construction of county roads and maintenance and construction of bridges on county roads, township roads, and certain streets within municipalities. They are also responsible for maintaining land surveying records, checking the accuracy and adequacy of recorded land transfer documents, and establishing or re-establishing certain land survey monuments.
