

## Old SR 122 Set For Weeklong Culvert Replacement

*Warren County (Monday, August 16, 2021)* - A culvert replacement project at the junction of Old SR 122 (Middletown Road) and U.S. Route 42 in Warren County next week will require a weeklong closure of the local roadway.

On Monday, August 23, Old SR 122 will be closed at U.S. 42 while crews from ODOT's Warren County maintenance facility replace a deteriorated pipe at the route's junction on the west side of U.S. 42.

The closure will go into effect at approximately 7 a.m. on the 23rd, and it will remain in place through Friday, August 27, or until all work is completed. While the route is closed, motorists will be detoured by way of Township Line Road.

Although U.S. 42 will remain open to traffic, motorists are reminded of the need for additional caution through both work zones as crews will be moving equipment in and out of the project area.
